🚀 MY PROMPT ENGINEERING PRACTICE WORK 🎯

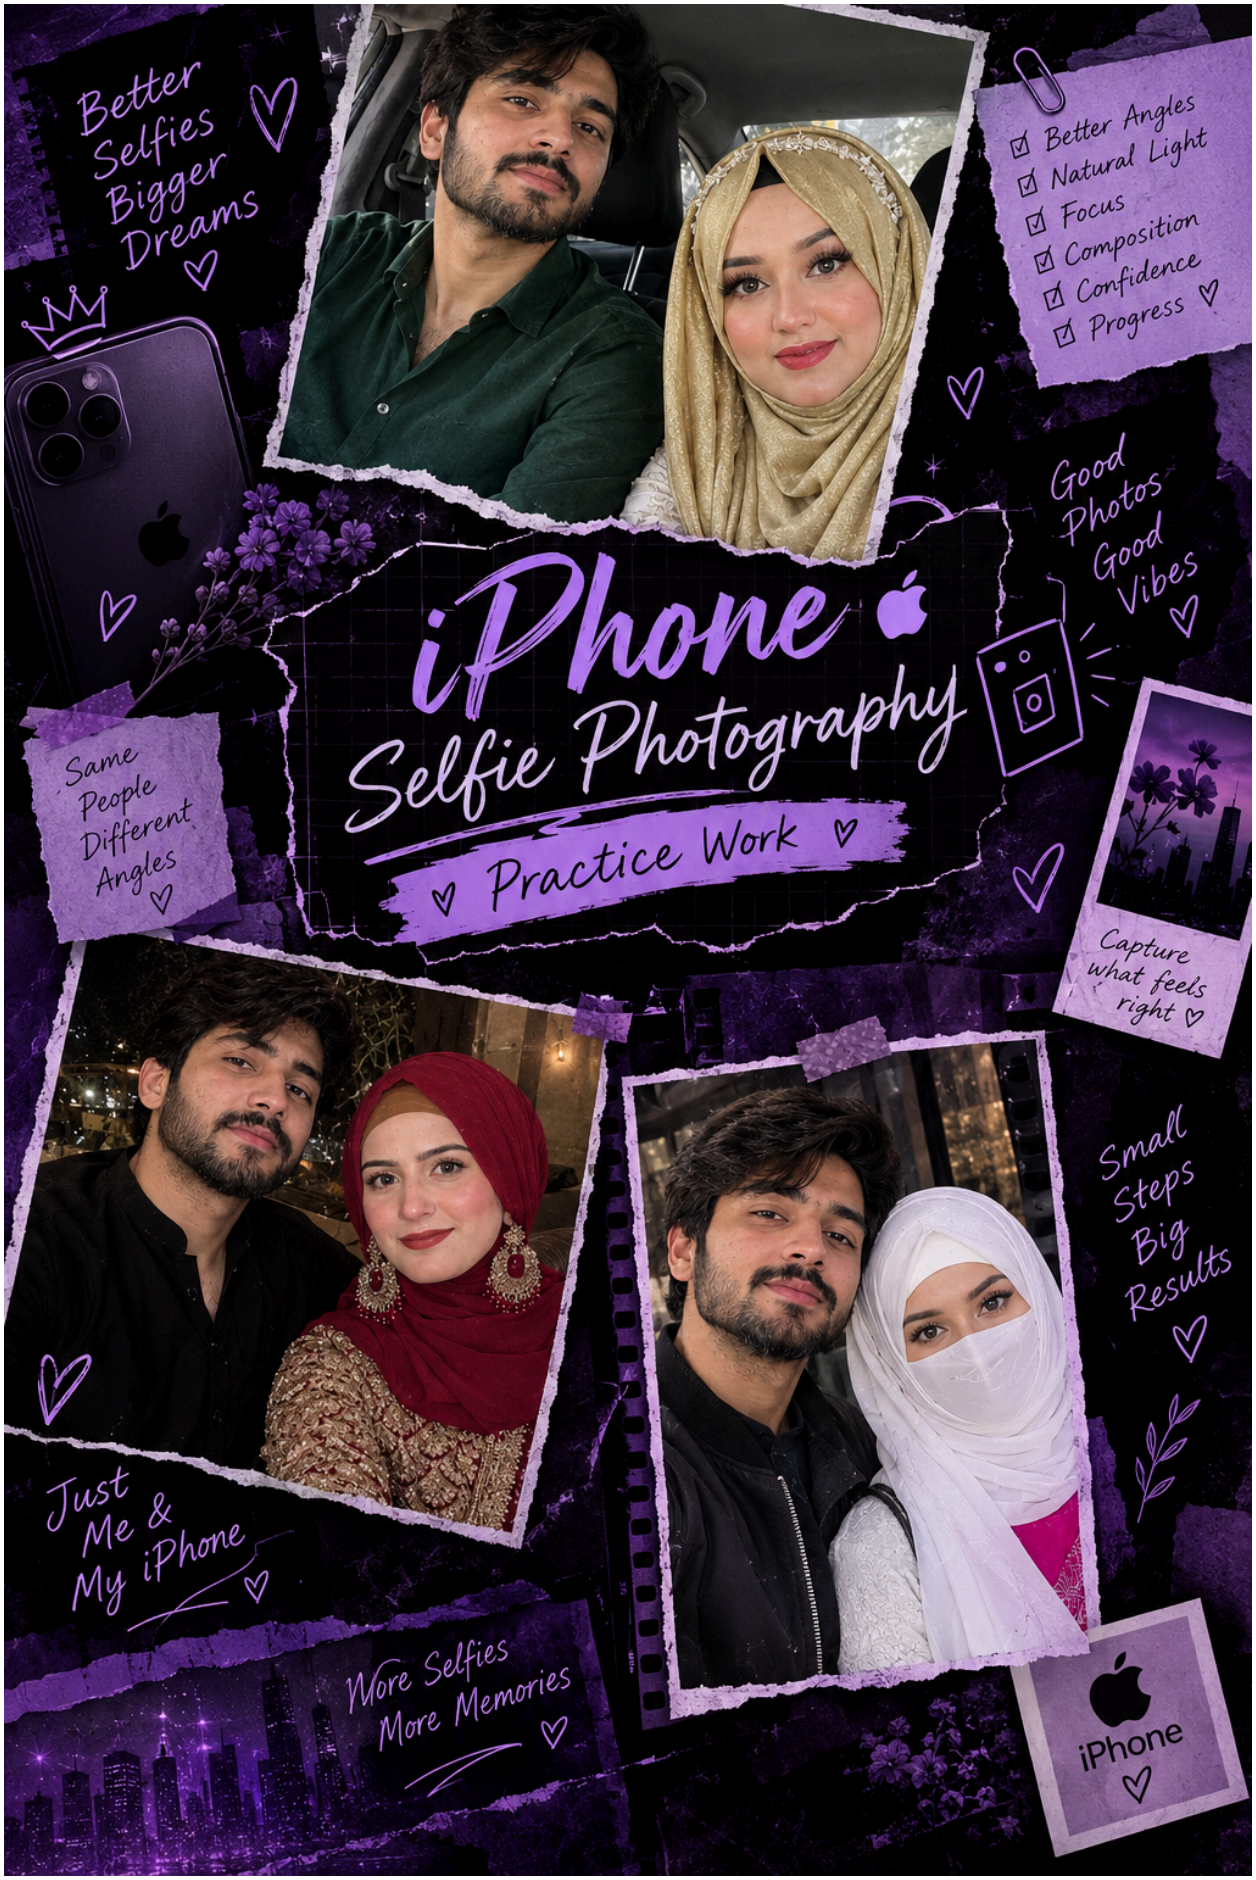

📌 PROMPT 1:

> Use my uploaded photo as the primary identity reference and preserve my facial identity accurately. Create a completely natural, unposed selfie of me standing next to Leonardo DiCaprio in the United States. 🇺🇸
>
> The photo should look like a real phone selfie taken spontaneously by one of us, not a professional photoshoot. Both of us are casually dressed, relaxed, and naturally looking toward the phone camera. Realistic facial expressions, natural skin texture, subtle imperfections, authentic hair details, ordinary everyday lighting. 📱☕

📌 PROMPT 2:

> Use my uploaded image to preserve my identity, facial appearance, hairstyle and overall look. Create a highly realistic, unedited smartphone selfie of me standing next to Allu Arjun in an Indian airport. ✈️🇮🇳
>
> We are standing close together, casually looking at the phone camera. Natural airport lighting, realistic background signs and travelers, authentic clothing, natural skin texture, slight smartphone noise, imperfect framing.

🚀 MY PROMPT ENGINEERING PRACTICE WORK - PART 2 🎯

📌 PROMPT 1:

> 1. Use the two attached reference images as identity references for the two people. Preserve their individual facial identity, facial structure, skin tone, hairstyle, and overall appearance accurately.
>
> Create a completely natural-looking candid photograph of both people together, as if one of them casually took the photo on an iPhone. Keep their appearance realistic and unretouched, with natural skin texture, subtle imperfections, realistic hair strands, and authentic facial expressions. 📱✨
>
> Aspect ratio: 4:3

📌 PROMPT 2:

> 2. Use the attached boy and girl images as identity references. Create a realistic casual iPhone photograph of them sitting inside an ordinary parked car. The boy is in the driver's seat wearing a dark green casual shirt, with a different hairstyle and natural expression. 🚗💚
>
> The image should feel completely spontaneous, with realistic reflections on the windows, natural daylight entering the car, slight smartphone exposure imperfections, authentic skin texture, ordinary interior details.

🌊 MY PROMPT ENGINEERING PRACTICE WORK - PART 3 🎯

📌 PROMPT 1 - GOLDEN HOUR SEASIDE PORTRAIT:

> Use the uploaded person/reference image as the exact identity reference. Create a highly realistic professional outdoor portrait photographed at a beautiful seaside location during golden hour. 📸🌅
>
> Professional full-frame DSLR photography look, captured with an 85mm f/1.4 portrait lens, combined with the cinematic color science and natural skin rendering of an ARRI ALEXA 35 camera. Warm late-afternoon sunlight, soft directional light, realistic shadows, shallow depth of field with creamy bokeh.

📌 PROMPT 2 - DRAMATIC SEASIDE FASHION:

> Use the uploaded person/reference image as the exact identity reference and preserve their facial identity accurately. Create a raw, realistic professional outdoor fashion photograph at a dramatic seaside location. 🌊✨
>
> Shot on a professional full-frame DSLR with an 85mm f/1.2 prime lens, with the cinematic visual character of an ARRI ALEXA camera. Soft overcast natural daylight, realistic directional shadows, strong subject separation, natural candid posture, realistic wind movement.

📸 CONCEPT: Professional DSLR Outdoor Portrait + ARRI Cinematic Color Science

📸 MY PROMPT ENGINEERING PRACTICE WORK - PART 4 🌃🌲

📌 PROMPT 1 - BLACK + DEEP PURPLE STREET CANDID:

> Use my uploaded personal photo as the exact identity reference and preserve my real facial identity, facial structure, skin tone, eyes, nose, lips, hair characteristics and natural appearance.
>
> Recreate the same type of candid outdoor street photograph shown in the reference. Same distance, perspective & motion blur. Replace warm beige/golden palette with sophisticated BLACK + DEEP PURPLE palette.
>
> CAMERA: 50mm / 85mm f/1.4-2.0, ARRI ALEXA-style, Same aspect ratio as reference.

📌 PROMPT 2 - FOREST GOLDEN HOUR TWO-PART:

> TOP: Close-up side-profile in forest during golden hour, soft rim light.
> BOTTOM: Full-body rear-view walking in same forest, cream flowing dress, natural breeze.
> OUTPUT: Vertical 9:16

💄 MY PROMPT ENGINEERING PRACTICE WORK - PART 5 ✨

📌 PROMPT 1 - PREMIUM VANITY FLATLAY:

> Create a premium lifestyle beauty editorial photograph using the uploaded makeup product as the hero. Place it naturally on a softly rumpled ivory linen vanity cloth beside a small cream candle, a delicate gold bracelet, a compact mirror and a few subtle beauty accessories.
>
> Arrange the scene asymmetrically, product in foreground, surrounding objects create depth. A narrow beam of warm afternoon sunlight falls across the product, creating soft elongated shadows.
>
> Color palette: warm ivory, oatmeal, champagne gold, muted nude and soft caramel.

📌 PROMPT 2 - NAIL-ART LIFESTYLE IN HAND:

> Create a high-end lifestyle beauty photograph featuring the uploaded nail-art product held naturally by a woman's hand.
>
> The woman wears a soft cream ribbed sweater. Her nails are elegant, clean and understated, with a refined nude/champagne manicure. Keep the hand anatomically realistic with natural skin texture.
>
> Background: warm beige interior with softly blurred linen curtains and subtle sunlight. Product should be closest to the camera and sharply detailed.

📸 CONCEPT: Quiet Luxury Beauty Editorial - Vanity Flatlay + In-Hand Lifestyle
